Press Statement by Cabinet Secretary Ministry of Health and Council of Governors

Greetings members of the press.

We extend our condolences and deepest sympathies following the regrettable accident in Naivasha where many lives were lost. We join the families, relatives and friends in mourning their loved ones. Following the accident I have instructed all medical personnel in Naivasha, Kenyatta National Hospital and other health facilities to respond accordingly to this emergency.

We take this opportunity to thank the Kenya National Union of Nurses and its leadership for their goodwill and understanding which has contributed to the finalization of this resumption of duty agreement. On our part we undertake to continuously engage with all parties to ensure that medical services resume to normalcy across Kenya.

Dr. Cleopa Mailu, EBS
Cabinet Secretary
Ministry of Health

Gov. H.E James Ongwae, CBS
Chairperson, Human Resource,
Labour and Social Security
Committee, Council of Governors

Dated 11th December 2016
